

**See the Endless Possibilities (STEP) Engineering Scholarship
in Memory of Gabe Malavenda**

Supplemental Application

Award open to a full-time undergraduate student with a declared engineering or computer science major. Applicants must have demonstrated financial need (as determined by the current year's FAFSA) and a minimum 2.75 GPA or higher to apply. Preference will be given to female students studying electrical engineering, and to students who have overcome substantial educational or economic obstacles and who demonstrate high community engagement. *Pre-professional engineering students are not eligible for this award.*

Name of Student: _____

Z-Number: _____
