**ANNUAL DIRECT LOAN LIMITS**

The Federal Direct Loan Annual Borrowing Limits listed below represent the maximum amount a student may borrow through the Federal Direct Loan program in an award year. These limits vary depending on the student's grade level and dependency status. In addition to the limits listed below, Federal Direct Loan eligibility is also restricted by the student's Cost of Attendance, Financial Need, and Aggregate Limit calculations. In cases where the parent of a dependent student is denied approval from their lender to borrow from the Federal PLUS loan program, the dependent student may be allowed to borrow at independent student loan limits for their corresponding grade level.
