Academic Justification

- The combined degree program preserves and enhances the quality of both degrees. The program provides a more rigorous curriculum for admitted students completing the B.A., as they will take graduate coursework in fulfillment of their degree requirements. Because only outstanding applicants will be admitted, the quality of the graduate program will not be compromised.
- The program is intended for academically talented and high achieving students. The GPA requirement for admission to the combined degree program (3.25 GPA) is higher than for the M.A. program (3.0 GPA).
- The program is pedagogically sound, as the degree requirements are not compromised in the combined degree program.
- All of the expected prerequisites for the graduate coursework will be honored.

Students complete 120 hours for the undergraduate degree and 30 hours (thesis option) or 36 hours (non-thesis option) for the graduate degree.
