Bachelor of Arts in Music + Master of Nonprofit Management

GPA Requirements: All music degree programs are selective access, and require an audition for entry. Entry into the Master of Nonprofit Management requires a minimum GPA of 3.25 in the last 60 credit hours.

Shared Coursework:

The BA/MNM combined degree program enables outstanding students to graduate with both a Bachelor of Arts in Music and a Master of Nonprofit Management in as little as five years. The program is 153 credits. Students complete 120 credits for the undergraduate degree and 33 credits for the graduate degree. Students complete the undergraduate degree first, taking no more than nine credits of graduate coursework during their senior year, which then satisfy requirements for both degrees. Prospective students must formally apply to this program and meet all admission requirements.

The BA in Music includes 37 elective credits, at least 23 of which must be upper division, and nine in the Dorothy F. Schmidt College of Arts and Letters. Up to **9 graduate level credits** in the MNM could serve as these BA elective credits, although this combination would function with a minimum of 6 shared credits.

It is open to preservice students as well as managers and leaders in human services, fine and performing arts, and cultural, educational, community development, religious, environmental and other nonprofit organizations. The curriculum recognizes the special concerns of nonprofit organizations in such areas as: management of volunteers and professionals; resource development and fundraising; governance by volunteer boards of trustees and directors; management of multiple sources and types of funding; unique legal and regulatory issues; special values of service, community and charity; and the unique demands of nonprofit leadership.

Duplication and Recency of Credits

Except for students enrolled in the Combined B.A./M.N.M. program, no credit counted as part of another degree may be counted toward the M.N.M. All work toward the M.N.M. must be completed within seven years after initial registration in the program.

Transfer Credit

Acceptance of transfer credits from approved institutions depends on the relevance of the work to the M.N.M. program. Request for transfer credits should be made at the time of admission and is limited to 6 credits in which the student earned a minimum grade of "B." Students may use the petition process to transfer more than 6 credits. Credits older than seven years may not be transferred to the graduate program.
