1) New Business:

Discussed and approved the following courses from the Wilkes Honors College after some suggested editing. The RI courses will be entertained by the URC and the WAC ones by the WAC committee; our committee centered on their honors content.

- a. HIS 2341 Honors Twentieth-Century Europe
- b. HIS 4405 Honors The City and Its Underground: Metropolis and Counterculture in Modern Europe
- c. HIS 4622 Honors Research and Writing in History
- d. WOH 2402 Honors The History of Food and Eating

2) Courtesy Review:

Of the Honors Urban and Regional Planning and Urban Design proposal of two pathways to attain Honors in Urban and Regional Planning or Urban Design. They looked fine to us; but will revisit them and formally vote on the proposal once it makes it through the CDSI's Undergraduate Programs Committee.

3) Updates

Members of the committee are now aware of the changes to the official transcript and the location of the notation for "Honors in the Major" as well as the 30-character limit (special characters are to be excluded).

4) Changes to the Innovation Leadership Honors Program (ILHP)

Dr. Bloetscher, the representative from the College of Engineering and Computer Science, reported on his college's restructuring/reconfiguring of their ILHP and how they are seeking to work with other units throughout the university already teaching leadership or marketing courses.
